The candidate must have finance knowledge and analytical abilities to support the financial services business in executing its investment mandate.

The candidate must have excellent communication skills, be proactive, and be able to work independently.

The successful candidate must be able to work under pressure, be a team player, be flexible and be able to work in a fluid environment and always demonstrate professionalism.

### DUTIES AND RESPONSIBILITIES

The position demands competence and skills in performing the following duties:

- Conduct due diligence on potential investment opportunities:
  - Mobilise, coordinate and guide internal and external resources through due diligence processes
  - Analyse, collate, and distil due diligence findings
  - Interpret financial data of investments
  - Prepare investment proposals/ papers
  - Summarise and present the data describing current and long-term trends in investment risks and economic influences pertinent to investments
  - Prepare valuations of investments
  - Monitor market trends, opportunities, risks and new investment opportunities
- Preparation of investor reports, presentations, and other required content
- Liaise with the fund administrators to ensure administration is accurate and up to date
- Draft compliance reports and ensure timely submission thereof

### BEHAVIOURAL COMPETENCIES

- Self-starter and initiator
- Competitive, curious and creative
- Results orientated
- Team player and flexible to adapt to new team dynamics
- Must be able to produce professional results whilst working independently, but at the same time be part of a professional team
- Problem solving abilities
- Willing to travel

### SKILLS AND QUALIFICATION

BSc Actuarial Science / BSc Engineering / BCom Finance or similar

Exceptional written, oral, and presentation communication abilities

Solid research and analytical skills (Critical thinking, problem solver)

Attention to detail

The successful candidate for this position will enjoy working with a market leading team in the infrastructure financing and advisory industry, and work on the redevelopment of South Africa's core infrastructure.
